

Proud and sustainable sporting clubs

federationcouncil.nsw.gov.au

Tennis & Netball Court Renewal.

Funding allocation: Howlong (x 6 synthetic tennis courts) - \$110,000

Urana (x 2 netball/tennis courts) - \$165,000

Project Partners: Howlong Tennis Club

Urana Netball Club

Timeline: A detailed timeline will be developed.

Sports like tennis and netball are undeniably part of a long and proud community history in rural areas. The facilities not only host sporting teams, but act as a gathering point for community functions and get together.

The Stronger Communities fund

provides Federation Council with an opportunity to inject much needed funding to renew and upgrade facilities that provide ongoing social benefits to the community.

Howlong will benefit from 6 new synthetic tennis courts at Lowe Square and a two multi-purpose

netball/tennis courts will be constructed in Urana.

The project at each site will involve stripping the existing courts, fixing the drainage issues and any tree root invasion, building the court level up and replacing the courts.
