CREATING OPPORTUNITY
CELEBRATING COMMUNITY

FLOOD STUDY: HAVE YOUR SAY!

Federation Council invites residents to review the draft Flood Study reports and have their say at a community meeting on Thursday 12 October.

In 2014, a Flood Study was commenced for the towns of Urana, Oaklands, Morundah, Boree Creek and Rand. This study is now nearing completion and the reports are available for public review at Federation Council offices.

Impacted residents from the towns are invited to join representatives from contractors, the Jacobs Group, Office of Environment and Heritage and Federation Council for a presentation on the flood study. In addition to the presentation, there will be time for questions and discussion on proposals.

The meeting will be held on Thursday 12 October from 5.30pm – 7.30pm, at the Urana Bowling Club.

For further information, please contact: Rachelle at Council on (02) 6033 8955.

WATER MAIN CLEANING

Federation Council will commence water main cleaning in the township of Corowa on Wednesday October 18.

The air scouring process will take approximately 10 to 14 days to complete and customers will receive a letter informing them of dates and times that their water supply will be affected.

During the cleaning process customers may encounter dirty or discoloured water.

All high water use customers will be taken into consideration and a representative will be available to liaise.

Due to the ongoing commitment by the Council to maintain a quality water supply, the water mains will be cleaned on an annual basis.

For further information, please contact Council on (02) 6033 8999.

EXPRESSIONS OF INTEREST – AGEING WELL AMBASSADORS

Federation Council has commenced the development of an *Ageing Well Strategy 2018-2022* to plan for the needs of our ageing population.

The strategy will document the vision for an age-friendly community where the physical, social, and mental well-being of older people is promoted and strengthened.

Council is committed to ensuring that senior residents are well supported and actively engaged in their communities. This project addresses a number of key areas that will ensure the Federation Council area is a liveable community for senior residents.

A collaborative approach is proposed, where Council and the community work together to develop a plan that consists of clear strategies and actions.

The Ageing Well project plans to utilise existing networks and people within the community to undertake the initial planning aspects of the project. This approach is more likely to achieve the desired outcome by developing strong partnerships and ensuring the needs and priorities are accurately reflected within the plan.

Local senior residents are being encouraged to drive the development of the plan and conduct the community engagement component by becoming an Aging Well Ambassador.

Expressions of interest are now open and Council is seeking 8-10 residents to become Ageing Well Ambassadors. Ambassadors will be provided with the necessary training to equip them with the tools needed to facilitate focus groups and community engagement. They will be supported by Council staff and reimbursed for their travel and time.

For further information or to register your interest visit Council's website or contact Deanne Drage on 0407 785 972.

Expressions of interest closes Sunday 22 October.

PLAY SPACE UPGRADE PROGRAM UPDATE

Construction of four new playgrounds is about to get underway and Council is excited to deliver these new community spaces – just in time for Christmas!

RSL Park in Corowa, Lowe Square and Memorial Park in Howlong and the Rand Recreation Reserve will all be transformed over the coming weeks, with site preparation to commence from next week.

Signage and temporary fencing will be installed at each site and Council is requesting that members of the public do not enter the sites while they are closed.

It is expected that the new playgrounds will be opened early in December.

For construction updates, visit council's website www.federationcouncil.nsw.gov.au or follow us on Facebook @federationcouncil
