AUSTRALIA DAY CELEBRATION

Federation Council is pleased to announce the 2020 Australia Day Ambassador is Mr Andrew Heslop, Social Entrepreneur, Commentator and Community Advocate.

Andrew Heslop is an award winning keynote speaker and community leader with a global reputation as a social entrepreneur for founding Australia's annual celebration of community, Neighbour Day.

Council is looking forward to welcoming Andrew to our region and introducing him to our community at the Australia Day celebration event on Sunday 26 January from 9am at Howlong Memorial Park.

EMERGENCY MANAGEMENT

Council is aware that some community members are concerned about the ongoing bushfire situation and seeking information about the process that Council will follow if an emergency event was to occur in our region.

Whilst it is important that we assist and support our community, in an emergency event, a coordinated response is led by the relevant emergency agencies such as the Rural Fire Service, State Emergency Service and Police.

In the event of a bushfire or another emergency event, Council's role is to provide support and resources and take direction through an incident control centre.

If required, the incident control centre determines when and where relief / evacuation centres are established. Once this happens, a multi-agency effort will swing into action and appropriate resources deployed.

We want to take this opportunity to thank the volunteers who have been fighting the bushfires and our community for its support and generosity during the past few weeks.

To assist residents and visitors, we have put together a central resource which outlines Council's Emergency Management process, bushfire evacuee assistance along with links to Federal and State Government information. This information is available from Council's website.

AUSTRALIA DAY OFFICE CLOSURES

Federation Council offices and services will have altered operating hours for the Australia Day Public Holiday with Offices, Works Depots, Corowa Community Recycling Centre and Service NSW Agency closed on Monday 27 January 2020.

Waste and recycling facilities along with kerbside waste collection will operate as per normal hours.

The Corowa Visitor Information Centre will be open from 10am-3pm on Monday 27 January.

For all urgent matters during this time, please contact P:1800 110 088.

Further information is available from Council's website.

WATER QUALITY AND CONSERVATION MEASURES

Federation Council wishes to advise that the water quality in the Murray River may change over the coming weeks due to bushfire contaminants and run off from forecast rainfall.

Significant rainfall events following bushfires can create extreme water quality issues due to erosion and contaminants coming from ash, fire retardant usage and erosion run-off into the river system.

Council is requesting residents to be mindful that supply and water pressure during peak periods (10am - 5pm) may be impacted due to the quality of available source water from the river off takes.

To ensure continued reliability of the water supply, residents located in Corowa, Howlong and Mulwala are asked to review their daily water usage and implement water saving measures.
