COROWA SALEYARDS MANAGEMENT UPDATE

The Corowa Saleyards is owned and managed by Federation Council and has been operating for more than sixty years.

The Corowa Saleyards has experienced consistent market growth over the last twenty years, at a time when the industry has faced a number of challenges including the impact of long term drought.

Recent upgrades to the facility, access and transport linkage improvements and strong management has ensured the Corowa Saleyards is one of the most highly regarded and utilised livestock facilities.

The Corowa Saleyards Management Team would like to provide the following updates in respect to its ongoing operations.

COVID-19 Staged Pathway Back

The Corowa Saleyards is committed to its diligence in maintaining a COVID-19 free environment to enable continued operations.

Currently, the Saleyards are still operating at Stage 3 Restrictions of the COVID-19 Staged Pathway Back.

Restrictions will ease to Stage 4 only when Council receives advice that it is able to do so. Further updates will be provided regularly to stakeholders on the requirements under this plan.

Last Sale Day of the Year Update

The management team at the Corowa Saleyards would also like to notify the public that the last sheep sale for this year was held on Monday 13 December.

The first sale for the new year is scheduled to take place on Monday 10 January 2022.

The Saleyards Management team would like to thank all stakeholders for their support during 2021 and wish everyone a Merry Christmas and Happy New Year.

FESTIVE SEASON AND HOLIDAY “BLUES”

How to stay well over the holiday period and where to find help and support when you need it.

For many people, days such as Christmas are wonderful occasions, with BBQs, friends, concerts, outings and holidays. But for many others these days can be a very lonely and difficult as they can magnify financial issues, family conflict and loneliness and increase stress for people with anxiety and depression.

If you are one of the many of us who find these times difficult, for whatever reason, you do not need to be alone, there is help and support available to you.

“Simply asking for help is such an empowering action we can do for ourselves” said Julianne Whyte, member of the newly established Federation Primary Prevention Team, who aim to support the community with interventions that increase health and wellbeing.

“That one simple step that we all find so difficult actually makes such a big difference. It allows us to step forward onto a path that provides the support and direction we need and ultimately one that can help to make a positive change for ourselves.”

“Sharing our troubles halves the burden and the right help can change your life.”

If you are feeling like you may need help and support, or you have a friend or family member who does, local organisations have welcoming, understanding and caring people and services who are there to assist you, it just takes one phone call.

“We have a number of services and community programs and networks available to the local community within the Federation Council area. Please make contact with one, and if it isn’t the right one, they will help point you in the right direction.”

Local support services and networks are available to the local community can be found listed on Council’s Website.

Also, a number of 24 hour help lines operating over the holiday season are available, including:

- Lifeline 13 11 14
- Suicide Call Back Line 1800 659 467

FEDERATION COUNCIL ADOPTS INAUGURAL ECONOMIC DEVELOPMENT STRATEGY

FEDERATION COUNCIL ECONOMIC DEVELOPMENT STRATEGY

ADOPTED

Federation Council has adopted the region's first Economic Development Strategy following extensive engagement and collaboration with the community.

Federation Council General Manager Adrian Butler said the Economic Development Strategy 2021–2025 reflects the Federation region – diverse, innovative, forward thinking and full of exciting opportunities.

“The Federation region we all know, is full of opportunity, and our future in terms of economic prosperity looks bright,” he said.

“There is still plenty of work to do as we continue to diversify and evolve to ensure our region is best placed to attract investment and capitalise on economic growth opportunities, but the time is right to build on some great foundations.”

FEDERATION COUNCIL NEWS

Within this strategy, Council has set a clear framework to strengthen local business, empower our community, leverage key industries and enhance economic diversity and resilience.

Mr Butler said Council will support the local economy by delivering a range of specific initiatives and actions to demonstrate economic leadership and instil confidence in the local market.

“Attracting investment not only provides a significant economic stimulus, it also attracts new technology and innovation and drives additional investment and job creation through supply chains,” he said.

“We see the region well placed to move forward and capitalise on new opportunities. We are confident of a sustainable economic future, and as a Council we are committed to act on the opportunities outlined throughout this strategy.”

The main aims of this strategy is to leverage local economic strengths, provide clear pathways for overcoming challenges, and take advantage of economic opportunities.

Federation Council has identified seven strategic themes to guide the delivery of this Economic Development Strategy that are as follows:

- Strengthening local business;
- Empowering our community;
- Leveraging key industries;
- Enhancing economic diversity and resilience;
- Boosting the visitor economy;

- Attracting investment; and
- Increasing skills and economic capacity.

Mr Butler said the Economic Development Strategy will now position the regional economy for future success and enable economic benefits to be realised by local residents, businesses, investors and visitors.

“We want the Strategy to be guided by the Community. Economic development is not about Council dictating what will happen; it is about collaborating with the community to come up with strategic objectives that we can all work towards together,” he said.

“The Strategy will ultimately provide clear and comprehensive strategic guidelines and tools for supporting the development of our economy across the entire local government area.”

FAMILY & FRIENDS SUPPORT PROGRAMS

Alcohol and drug use not only affects people using the alcohol or drugs, but it also has an adverse impact on their family, friends, and their community.

Family and peer support networks are critical to a person's recovery from alcohol/drug use, but too often, relationships become strained and users become isolated from their families, friends and social networks due to the problems arising from their alcohol or drug use.

Families and friends can play a critical role in the recovery of people using alcohol and other drugs. However, there is little support for families in this situation.

The Family and Friend Support Program is an online intervention and support package for families/friends supporting loved ones using alcohol/drugs. It includes information on how families and friends can best help their loved ones and protect them from adverse impacts of their lifestyle of drinking alcohol or using drugs. The Family and Friend Support Program recognises that supporting someone who is drinking or using can be extremely stressful, and aims to assist families and friends to best manage the demands of this role. Find out more from Council's website, including how to access the many free programs available.

CWA NEWS Oaklands

Mrs Ann Nixon had an enjoyable visit to the Mobile Pre-school Daysdale, where she was able to share with the children her story of how she came to have an artificial leg. The children were entranced with not only the actual prosthesis, but the feel of it, the process involved in fitting the leg, and mostly the concept that one could continue living with a missing body part. Many questions were asked. A very rewarding visit for all – children, teachers and Ann.

LIGHT UP FEDERATION

Think about how great it is to drive around town and the rest of the Federation Council area and see Christmas lights on houses and in gardens – then have a go

yourself!! It doesn't have to be too fancy – or it can be really fancy. And you could win a prize which is even better.

We are all looking for a feeling of "that's nice and normal" this year so create something and let Federation Council know to be in the running for those prizes.

COURTHOUSE MUSEUM

We have had a large number of people enjoying the displays lately. Many have come to the Caravan Park for a short break and are usually very surprised at the amount and quality of displays we have. They are always glowing in their remarks about the Caravan Park and surrounds which is a credit to Glenys, Don and Federation Council.

A big thank you to our band of volunteers who are continually upgrading and adding to displays and having the Museum open on Saturday as well as Tuesday. We would encourage any locals who are contemplating involvement in the Urana Progress Association to come along for a look and chat – you may be surprised by how much you can contribute to your town as well as the Museum.

Decision-making made simple

The business of farming is a constant process of making decisions. While decisions are often made on instinct, taking time to thoroughly consider the decisions you face is a highly valuable (and profitable) skill to develop.

Faith Rogers, a Rural Adversity Mental Health Program (RAMHP) Coordinator with Murrumbidgee Local Health District has seen many farmers grapple with making decisions.

"Farming has a lot of moving parts. There's a lot of complexity in terms of scheduling, maintaining equipment, managing resources and looking after stock. As caretakers of the land, they want to treat their property well. They also want to run a profitable enterprise and take care of their families. But in farming, there are so many things people can't control, so it's about following the right processes for their business to make the best decisions possible to get the outcomes they're seeking."

We asked Faith to help us unpack the process of decision making and explore what it takes to master good decision making.

How we make decisions

Choosing a path that provides acceptable reward for acceptable effort at an acceptable amount of risk is at the core of decision-making and sound farm management.

The word acceptable is important here because each individual farmer has to define what acceptable means to them. People make decisions based on their values, goals, biases and personalities, so what is acceptable to one farming business in terms of risks and rewards may not be acceptable to the next.

There are many ways people tackle decision-making but generally it comes down to three approaches (or a combination of these things):

The head

This is the logical approach to decision-making, where information is gathered, analysed and processed rationally.

The heart

This is the emotional aspect of decision-making. It includes a farmer's beliefs, values, fears and preferences. Sometimes these feelings (like a strong connection to the family farm) are deeply entrenched, making it hard to apply other approaches.

The gut

This is intuition, which is shaped by knowledge and prior experience. It usually bypasses rational processes by linking past experiences (good and bad) with the present. Intuitive decisions often "just feel right".

REWiRE your small business

The REWiRE project is a federally funded program, to provide fully subsidised one-on-one coaching to support small business owners that need a helping hand.

We have a diverse range of business coaches from various industries with specialised skill sets such as accounting, strategic marketing, hospitality and business operations to support our clients with the various challenges they may be facing as a result of drought, bushfires and COVID-19.

ST FRANCIS XAVIER'S SCHOOL URANA

Think, Speak and act like christ

Greetings!

Although this Shire Newsletter will be received by residents following the closure of our school on Saturday the 11th of December 2021, I wanted to take the opportunity to thank those who made it possible to celebrate the school the way we were able to. Many long and dedicated hours went into

the coordination and production of the day, associated publications and our social media presence. In that light, I would like to particularly acknowledge the hard working staff of St. Francis Xavier's School.

A further thank you and message of gratitude must go to all those people who were able to join us on the day to celebrate our school. There were many people who would have liked to attend, but couldn't for whatever reason, yet passed on their well wishes to us for the day as well.

During Week 10 we had the opportunity to farewell the 2021 school year and acknowledge all of the wonderful efforts of the students via a final school based Mass and Presentation Ceremony.

A big congratulations to all the students but especially our graduating Year 6 students, Philippa Coghill, Olivia Fealy and Abhi Yaramati, for all of their hard work during their time at our school. We wish them all the best as they continue their education in high school.

I must also thank the students, families and staff of St. Francis Xavier's for making 2021 such a fantastic year and I wish you all the best with your future endeavours.

As noted in the November edition of the newsletter, it is also a poignant opportunity for the school to express our sincerest gratitude and appreciation to all of those in the wider community who have supported our school over the past 80 years. Many of you were students of the school, had children at the school or had some other form of connection with St. Francis Xavier's School, Urana. There are numerous others who had no direct ties to the school, yet continually supported our school in any way possible. This speaks volumes about the people who call this part of the world home. A school simply cannot survive and thrive without this type of support.

On behalf of anyone who has had an involvement in this school over the last 80 years, thank you so much!

Personally, I would like to again pass on my deepest heartfelt thanks to the wider Urana & District community who first welcomed me to the school, and area, in 2017. Your support of me in my vocation towards our school's work in education has always been very much appreciated. It has been an absolute privilege and honour to be the principal of St. Francis Xavier's School, Urana for the past five years as well as getting

ST FRANCIS XAVIER'S SCHOOL URANA

Think, Speak and act like christ

to know so many of you along the way. With the school closing, my education journey will take me elsewhere but my time at St. Francis Xavier's School will always remain fondly in my heart. Thank you!

I wish you all a very safe, enjoyable and holy festive season and holiday period.
Merry Christmas!

God bless,

Mitch Bailey
Principal

Oaklands Central School

We are all in this together

We are almost at the end of our school year! With exams, reports and school events, we are finishing with a full agenda.

Wagga Wagga Eisteddfod

We had three students (Emily, Hamish and Alexis) participate in the Wagga Wagga Eisteddfod in early November. All students performed extremely well in their age groups, walking away with various places for their efforts. Hamish was awarded the Speech and Drama Eisteddfod Age Champion! Thank you to Mrs Grace Stein who worked with these students in preparation for the event.

Kinder Orientation

It has been wonderful to see new little faces in the school ready for the learning journey ahead of them as we reach our final transition day. Thank you to Mrs McGuinness for running the orientation program and providing engaging activities to start our 2022 Kinder students off on their school learning journey.

Remembrance Day

The SRC ran our Remembrance Day ceremony. It was a time for us to reflect on the fallen and the sacrifices many went through for us. Thank you to the SRC for leading their fellow students.

SRC Fundraiser - Dress like a Farmer

Congratulations to the SRC for coordinating the 'Dress like a Farmer' day. Their aim was to raise money towards water misters under the COLA area to cope with the heat over summer. Students were successful in raising \$126.70 for the day.

Year 6 into Year 7 Transition Day

Stage 3/4 students participated in the Year 6 into 7 transition day. They played initiative games in the morning, spent the middle periods preparing and cooking their own lunch and, in the afternoon, they were set challenges to solve as a team. We look forward to having the new Year 7 student with us next year.

Household waste accepted only (not commercial origin), not accepted at Mulwala Transfer Station, Putrescible waste (food scraps) not accepted at Corowa Waste Facility.

Skip bins available 24 hours:

Urana, Victoria Park Recreation Ground and Oaklands Recreation Ground.

URANA COMMUNITY RECYCLING CENTRE

Federation Council and the NSW EPA have recently opened two Community Recycling Centres (CRC's) in Corowa and Urana.

Many familiar products you use in your home, car, garage and shed can be hazardous to other people and the environment. Because of this, they cannot be disposed of in your red, yellow or green lidded bins.

These include:

- batteries (household only).
- motor & other oils (5-20 ltrs motor oils and other oils).
- paint.
- smoke detectors.
- fire extinguishers.
- gas bottles.
- fluro lights.

Once you no longer have a use for these products, they become household problem waste. If disposed of incorrectly, or released into the environment, these products can pollute our soil, contaminate our water and even cause physical harm to people and animals.

The good news is you can dispose of them for FREE at the following CRC's. The products are then processed and the reclaimed materials used to make other products.

The Urana CRC is located at the Urana Waste Disposal Centre, Boree Creek Road, Urana.

Operating Hours:

Sunday 11:00am – 4:00pm

The facility is closed Christmas Day, Boxing Day, New Years Day, Good Friday and Easter Sunday.

WASTE DISPOSAL CHARGES
