## Urana District Newsletter

## Bourke's Brief

It has been another busy month for Federation Council and an exciting one in the grant funding space.

As detailed on the back page of this month's newsletter, Council received 1.1M in grant funding for three projects announced by Member for Albury Greg Aplin.

Excitement continued when a further allocation of funding was allocated to Council, under round two of the Stronger Country Communities Grant program.

Council is set to receive \$3.6 million in round two, with a requirement to spend fifty percent of this allocation on sport and recreation infrastructure.

Council is now calling for expressions of interest from sporting clubs, community groups and organisations who would like their infrastructure projects considered.

Local Councils are the only eligible applicants and must work with their communities to identify suitable projects.

This week council resolved to establish an expression of interest process and I am confident that although we already have a good understanding of community priority projects after calling for applications for the Stronger Communities program last year that this process allows us to ensure we've captured all possibilities.

Groups must submit their expression of interest to council by Monday 9 April, including all the necessary information that will support the preparation of the grant application.

The timeframes are tight and the application process requires projects to be well developed, so this will need to be considered when determining which projects council will submit.

The recent consultation process we've completed to prepare our Community Strategic Plan will also help us to prioritise projects.

Full applications close on Friday 4 May and it is expected that an announcement will be made by the NSW Government in August this year.

Further information about the project and resources to assist with the preparation of the expression of interest are available from Council's website [www.federationcouncil.nsw.gov.au](http://www.federationcouncil.nsw.gov.au)

In further grant funding news Council has also received funding under the 2017-18 Floodplain Management Program from the NSW Government Office of Environment and Heritage. Nominations are now open to interested community members who wish to join the Federation Council Floodplain Management Committee and I am encouraging all residents in Urana, Boree Creek, Morundah and Rand to consider nominating to assist us in driving this important community project.

Until next month,

Councillor Patrick Bourke – Federation Council Mayor.

## Council engages with residents to create shared future vision

Federation Council has completed the second stage of its 'Our Community – Our Opportunity' Community Strategic Plan journey with the successful completion of nine public workshops and two stakeholder meetings across the council area last month.

Over 200 members of the community took advantage of the number of workshops at a variety of locations to engage with Council and share their future vision for Federation Council and its communities.

The Community Strategic Plan (CSP) is the key overarching vision and strategy for the Federation Council Local Government Area (LGA) as a whole. It encompasses civic leadership, social, environmental and economic issues in an integrated manner with input from all key stakeholders.

A range of information was received and recorded by the facilitators from the University of Technology in Sydney and staff from Federation Council, with this data to be presented back to the community in a draft plan in early May.

Federation Council Mayor Pat Bourke said Council will be looking to re-engage with the community in May to source further feedback on the draft plan before adoption in June.

“Feedback highlighted many areas of interest and opportunities for the future, some of which will be a Council priority, whilst others may be the priority of other service organisations or government departments, with support or advocacy from Council,” he said.

“Councillors and staff embraced the opportunity to meet with members of the community and were pleased to see so many people with a passion for developing the future plan. As Council we received many ideas and insights into the challenges and opportunities facing the future.”

Mayor Bourke said the 'Our Community – Our Opportunity' Community Strategic Plan reflects the insight, experience, vision, priorities, challenges and hopes for the future of the Federation Council community.

“The development of the Community Strategic Plan provides us all with the opportunity to participate and share our future vision for Federation Council and its communities,” he said.

“I would like to take this opportunity to applaud those community members who have joined us on this journey to ensure we create a powerful vision for our future.

“Council is looking forward to working together with the community in the years ahead to make this vision a reality.”

## ‘Drive and Arrive Safely’ – a Speeding in Rural Towns Road Safety Campaign

Roads in Federation Council where speeding is an issue are being targeted right now in a major road safety campaign – ‘Drive and Arrive Safely’.

The campaign is aimed at slowing down vehicles by increasing driver awareness of the dangers and consequences of speeding and by providing real time advice of the speed vehicles are travelling.

Federation Council's Interim General Manager Adrian Butler said the current campaign is focusing on Kywong-Boree Creek Road, Boree Creek.

“The campaign is targeting this area as speed has been identified as an issue,” Mr Butler said.

“Whilst not a high volume of vehicles travel through this area, recent road upgrades can encourage speeding and we are keen to ensure that people travelling through Boree Creek are taking care to drive within the speed limit.”

A variable message sign board will be in place shortly on Kywong-Boree Creek Road as part of this project just north of the township. Highway Patrol Police may also be doing random checks in the weeks to come as part of their ‘Stop it... Or Cop it’ campaign, so speeding motorists are strongly advised to slow down or face heavy fines, including possible loss of licence, when they are caught.

‘Drive and Arrive Safely’ is a Local Government Road Safety Program project being undertaken by Federation Council in partnership with Local Highway Patrol Police. The project has been developed in response to the alarming figure that 20% of casualty crashes (where someone is killed or injured) in Federation Council in the five years to December 2016 have been speed related.

For further details on this project, please contact Council’s Road Safety Officer, Scott Landells on 02 6033 8925 or [scott.landells@federationcouncil.nsw.gov.au](mailto:scott.landells@federationcouncil.nsw.gov.au).

## Grant funding supports Floodplain Management Program

Federation Council has received funding under the 2017-18 Floodplain Management Program from the NSW Government Office of Environment & Heritage.

This grant is for the preparation of floodplain risk management plans for the towns of Urana, Boree Creek, Morundah and Rand.

The project is stage two of the Government Floodplain Management Program and will involve the contracting of specialist consultants who will review the results of the recently completed flood study, undertake a risk management study and prepare draft risk management plans.

Stage one of the program was completed in February 2018, which also involved a community consultation process.

Federation Council Mayor Pat Bourke said the Floodplain Management Program will assist the Council to make informed decisions on the land subject to flooding and provides valuable information to emergency services to allow them to develop emergency systems within the area.

“Council is thrilled to receive grant funding from the NSW Government Office of Environment and Heritage to proceed with this important community project,” he said.

“Expressions of interest are currently open for community members to join the Federation Council Floodplain Management Committee and Council is encouraging community members to nominate.

“The committee will be meeting quarterly for the duration of the project which is expected to be approximately three years.”

Interested community members wishing to join the Federation Council Floodplain Management Committee should nominate by submitting their name and a brief overview of their interest in the project before the 27<sup>th</sup> of April 2018 – by email to [council@federationcouncil.nsw.gov.au](mailto:council@federationcouncil.nsw.gov.au)

## Celebrating our local libraries

Library Lovers' Day provided Council residents with the chance for everyone to connect with their library and share the library love!

The initiative, coordinated by the Australian Library and Information Association, aims to raise the profile of the services that libraries offer. Federation Council, through its membership with Riverina Regional Library, operates branches in Corowa, Howlong and Mulwala. The mobile library service also visits the towns of Urana, Oaklands, Boree Creek and Rand on a weekly basis.

Fostering a love of reading, supporting lifelong learning and providing a space for people to connect, libraries play an important role in local communities.

In addition to the extensive range of reading material and dvds, local libraries offer free computer and wi-fi access, author talks, reading clubs, school holiday programs, storytime sessions for children, community programs and family and local history information – to name just some of the services.

To celebrate Library Lover's Day, Federation Council launched a range of new promotional material for its libraries including bookmarks, banners, library bags and a video highlighting the services available.

Federation Council Mayor, Pat Bourke is encouraging residents to consider becoming a member of their local library.

"We are really proud of the library services offered across the council area and the new promotional video captures the vibrant, engaging spaces residents can enjoy when they visit one of our libraries," he said.

As part of Library Lovers Day, residents sent a love letter to their local library outlining what makes it special to them and what they would like to see in the future. Well known authors have also written letters as part of the initiative, celebrating the significant influence libraries have had on their passion for literature.

Anyone who visited the Corowa, Howlong, Mulwala branches and the Mobile Library, or wrote the library a love letter went into a draw for a chance to win a Library Lovers hamper.

Thanks to all who visited the Mobile Library and wrote Love Letters to our Libraries. The winner of the Library Lovers hamper was Hamish Cunningham.

The new promotional video is now available to view on Council's website and Facebook

For further information on all the great things taking place at libraries across the Federation Council area, visit [www.federationcouncil.nsw.gov.au](http://www.federationcouncil.nsw.gov.au)

## Council Meetings

Ordinary meetings of Council are held in the Federation Council Chambers at the Corowa Office on the third Tuesday of the month commencing at 9:30 am.

The Ordinary meeting of Council is responsible for dealing with matters relating to finance, works, development, planning, health, building and community services. This meeting also makes a decision on Committee recommendations and is the forum for making the final decision of Council.

Residents and ratepayers are cordially invited to attend Council meetings.

# Work begins on Urana Netball Courts

Construction of the new Urana Netball Courts has started!

On Wednesday 7 March, the Urana Netball Courts project team made up of Council staff, Mitchell Constructions and Anna Ferguson from the Victoria Park Committee met on site to discuss engineering, time frames, location of the court and the finish surface colour.

There were lots of smiles and a bit of excitement to be standing on the old courts and knowing that soon the digger would be moving in to rip up the old and construct the new.

Weather permitting the new courts will be constructed by April 2018, followed by court surface painting and minor drainage works.

## UPCOMING PROGRAM FOR 2018

### FRIDAY 4<sup>TH</sup> MAY 2018- EIREBORNE

ADULTS \$65.00, TICKET PRICE INCLUDES SUPPER, TICKETS ON SALE FROM FEBRUARY 2018

Created by Maryanne Fogarty an ex international dancer with Riverdance and nine times Australian Irish Dance open champion.

Directed by Nigel Turner-Carroll an Award winning director - Nigel's credits include The Tap Pack, which has most recently toured to Beijing and Edinburgh Fringe festival 2016, winning The Spirit of the Fringe Award.

Choreographed by Jessica Prince, the featured soloist in the American tour of Jason Gilkison's 'Burn the Floor'. She has performed with this company both nationally and internationally and has performed alongside many international artists including Olivia Newton John, Robbie Williams, Kelly Rowlands, Human Nature and John Paul Young.

What is unique about Eireborne is its celebration of Ireland's contribution to the world of music - the entire soundtrack is comprised only of songs written and/or performed by Irish artists. Hit songs from U2, Van Morrison, Thin Lizzy, Gary Moore, Hozier, Sinéad O'Connor, The Script and many many more.

Renowned lead Irish dancers hailing from international touring shows such as Riverdance and Lord of the Dance are complimented by two commercial ballroom dancers from Burn The Floor.

Note, the show is completely live and the dance taps are not tracked.

This show pushes Irish choreography to the limits and is fused with contemporary jazz, tap and ballet. The athleticism is non-stop throughout the show as dancers attack the floor to Irish hit songs and will have the audience standing in their seats.

The dancers and musicians are accompanied onstage by a charismatic Irish barman and with a cheeky sense of Irish wit and humour, he transports the audience to his Irish pub O' Hennessey's for a pint of ale and a night of rollicking good fun.

## ST FRANCIS XAVIER'S SCHOOL URANA

*Think, Speak and act like Christ*

Greetings!

On the 8th of March the school travelled to St. Joseph's School, Lockhart to participate in Catholic Schools Week. We had a wonderful day celebrating all of the wonderful aspects of Catholic Education and our sincere thanks go to

Ryan Forsyth and the school community of St. Joseph's for having us on the day.

During Week 7 we had a visit from renowned poet Noel Stallard. He spent time workshopping and performing some of Australia's most popular poems from writers like Banjo Paterson as well as some of his own. We are very grateful to have someone of Noel's stature visit our school.

Earlier in the term we had six students represent our school at the Deanery Swimming Carnival with a number of ribbons collected on the day. The following week, five of the students represented our school at the Diocesan Swimming Carnival. Well

done to everyone for their efforts and thank you to those who provided transport! Later in the term we will be off to Tocumwal for the Deanery Cross Country before the focus on Athletics begins next term.

Along with our refurbishment of the Art Room for our Play to Learn program, we've just had our shipment of new classroom furniture arrive for the main school building. Staff and Students alike are very excited by it all. We can't wait to test them out over the coming years.

Planning for members of the Parish to receive the Sacraments of Reconciliation and First Holy Communion are currently taking place. As soon as I have firm details, I'll pass them on.

Play to Learn is now in full swing. For enquiries or to enrol in the program, please contact the school on 69 208 051.

Wishing you peaceful Easter as well as a safe and happy holiday period!

God bless,  
Mitch Bailey  
Principal

## Urana Public School

.....personalized, innovative education in a safe and supportive environment

### BREAKING NEWS

It was with great excitement that I can finally announce that Urana Public School in partnership with Berrigan PS and Jerilderie PS ( the BiJOU Learning Community) have been awarded one of 50 **Australian Government Digital Literacy School Grants** selected from 1750 applicants. This grant of \$20000, recognises the value of our existing Robotics and Coding program and will enable us to deliver even more learning opportunities for our students.

We are at the forefront of innovation offering our students access to cutting edge emerging technologies and engaging learning, putting our students ahead of the pack.

This year BeeBots, Spheros and drones are on the menu together with Lego WeDo and EV3

### Classroom News

It has been a busy start to the year for staff and students. We have settled into our class routines and established our school life. Routines are important as it sets the students up to be successful with their learning. The students have had some exciting and engaging curriculum opportunities with many more planned!

The students and staff have had a virtual excursion to the Townsville Aquarium. This excursion was instigated as part of our unit on Oceans and Beaches. We were able to explore the predators of the ocean and interact with the scientist (whilst he was underwater) at the Aquarium to extend our knowledge of coral and the animals in The Great Barrier Reef.

Our beach is hive of activity and is open every lunch time for the students' to enjoy.

Mrs Ramos' expertise of music and dance have been integrated into the children's learning on a Wednesday afternoon. The pleasure and enjoyment this brings is evident on their faces!

## SEVEN NEW SCHOOL ZONE TRAFFIC OFFENCES

To help schools keep the school zone safer for all pedestrians and drivers there are seven new traffic infringements with new fines.

None of the seven offences attract demerit points when committed elsewhere on the road but in a school zone they each come with two points.

### The changes are:

- ◆ Stopping in intersection - Under the changes if a driver commits this offence in a school zone they will receive a penalty of \$439 and 2 demerit points.
- ◆ Stop within 20m of intersection (traffic lights) - Under the changes if a driver commits this offence in a school zone they will receive a penalty of \$439 and 2 demerit points.
- ◆ Stop within 10m of intersection (no traffic lights) - Under the changes if a driver commits this offence in a school zone they will receive a penalty of \$439 and 2 demerit points.
- ◆ Stop near bicycle crossing lights - Under the changes if a driver commits this offence in a school zone they will receive a penalty of \$439 and 2 demerit points.
- ◆ Obstruct access to ramp/path/passageway - Under the changes if a driver commits this offence in a school zone they will receive a penalty of \$330 and 2 demerit points.
- ◆ Not parallel park in the direction of travel - Under the changes if a driver commits this offence in a school zone they will receive a \$330 fine and 2 demerit points.
- ◆ Parallel park close to dividing line - Under the changes if a driver commits this offence in a school zone they will receive a \$330 fine and 2 demerit points.

All updated school zone offences can be located through Roads and Maritime:  
<http://www.rms.nsw.gov.au/documents/roads/safety-rules/demerits-school.pdf>

**DO YOU KNOW SOMEONE IN YOUR COMMUNITY WITH AN ENDURING MENTAL ILLNESS THAT COULD BENEFIT FROM SOME COORDINATED SUPPORT?**

Partners in Recovery {PIR} aims to better support people with severe and persistent mental illness and their carers and families by getting services and supports to work in a more collaborative, coordinated and integrated way, for systemic change.

Support Facilitators assist participants to identify their hopes, dreams and priorities and facilitate the coordination of services and supports needed to meet those priorities.

Importantly, Hume PIR will identify where there are systems issues and barriers and lead in the development of systems change.

## BE ALERT FOR MEASLES

Murrumbidgee Local Health District is asking anyone who was in the Deniliquin CBD on Friday March 9 to be alert to the symptoms of measles after a person who contracted the disease overseas visited the town while still infectious.

Director of Public Health, Tracey Oakman said symptoms of measles include fever, sore eyes and a cough, followed three or four days later by a red, blotchy rash spreading from the head and neck to the rest of the body.

“Measles is highly infectious among people who are not fully immunised and is easily spread through coughing and sneezing by someone who has disease,” Mrs Oakman said.

“The measles-mumps-rubella (MMR) vaccine is safe and highly effective protection against measles, and is available for free for those aged one to 51 at your GP. If you are unsure whether you have had two doses, it is quite safe to have another dose.

“The time from exposure to the onset of symptoms is typically about 10 days but can be as long as 18 days so people in Deniliquin should remain alert for symptoms until Monday 2 April 2018.

“Anyone with measles should not to go school, work or go out in public. If you think you might be infected you should see a doctor, but call ahead to make sure you don’t infect others at the doctor’s surgery,” Mrs Oakman said.

Children should receive two doses of vaccine, one at 12 months and the second at 18 months. Anyone born after 1965 should have two doses of vaccine at least four weeks apart. Measles was common before 1966, so most people born before then are immune.

## **MY HEALTH RECORD**

The national expansion of the My Health Record, driven by the Australian Digital Health Agency, will see the My Health Record move to an opt-out model. This means all Australians, unless they choose not to, will have a record by the end of the year.

### **What is My Health Record?**

My Health Record is the new name of the national digital health record system. Having a My Health Record means your important health information such as allergies, medicine details, medical conditions and treatments can be accessed through one system. Healthcare providers like doctors, specialists, hospital staff, pharmacists, and allied health professionals can see it online from anywhere at any time when required – like in an accident or emergency, or as part of your health consultations. Your record is shared securely between individuals and their healthcare providers, and can improve patient outcomes.

### **What will happen to my existing records?**

My Health Record will not replace the existing records at your current health provider, but will allow for more information to be added or accessed, including blood test results, x-ray and other diagnostic reports, pharmaceutical dispense information, hospital discharge summaries and event summaries from specialists and allied health professionals.

### **Can I get a My Health Record now?**

Yes, My Health Record is available now for all Australians. You can register:

Online via [www.myhealthrecord.gov.au](http://www.myhealthrecord.gov.au)

By phone, call 1800 723471 and select option one

In person, visit a Medical Service Centre

Ask your healthcare provider to assist you with registering

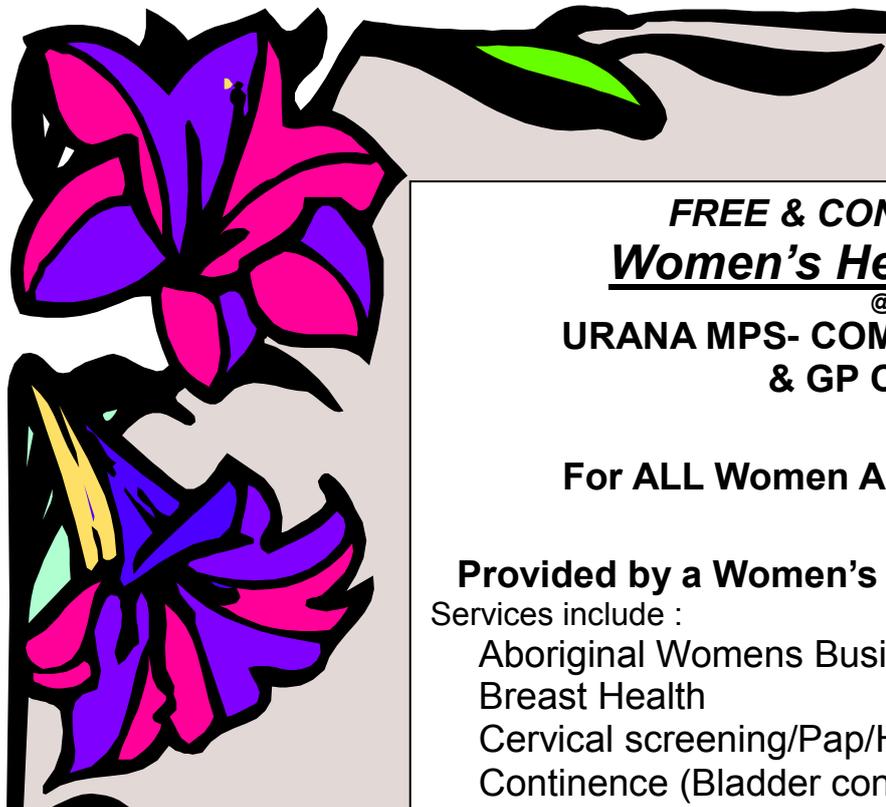

### **What are the clinical benefits of having a My Health Record?**

Your My Health Record contains a summary of your key health information. Your healthcare providers keep their own clinical records about the care they provide. When healthcare providers participate in the My Health Record system, they have the option to upload important information about your healthcare to your digital health record. Having this information in your My Health Record will allow other healthcare providers participating to view the information when they provide you with healthcare.

The first step is creating a My Health Record so it can capture your health information over time.

### **Where can I get more information about My Health Record**

If you want more information about My Health Record visit [www.myhealthrecord.gov.au](http://www.myhealthrecord.gov.au) or call the helpline on 1800 723 471.

# GRANT FUNDING

## FEDERATION COUNCIL BENEFITS FROM 1.1M GRANT FUNDING

Federation Council is set to benefit from more than \$1 million in grant funding for three Federation Council projects announced by Member for Albury, Greg Aplin last month.

As part of the NSW Government's Stronger Country Communities fund, the funding will go towards three public toilet upgrades across the local government area, the Corowa Cycleway Extension project and a 'limited mobility cabin' accommodation at the Urana Caravan Park.

The Corowa Cycleway Extension project will involve the replacement of a 600m section of an existing, dual use pathway for walkers and cyclists and a 625m extension of the pathway through the Corowa Common and connecting with the Corowa Golf Club. This project will support the delivery of quality community infrastructure that promotes a healthy lifestyle, improves safety and access and strengthens the tourism offering of the area.

The \$100,000 funding for the Urana Caravan Park, which is operated by Federation Council and provides the only major accommodation option for visitors to the Urana Township will now be able to provide limited mobility accommodation for visitors with the installation of a new cabin with a limited mobility access ramp to easily access the cabin accommodation.

\$596,672 will go towards three toilet block projects across the local government area.

This project will ensure that public toilet facilities across the council area meet the needs of residents and visitors, provide disabled access and baby change facilities and promote inclusiveness. With an ageing population that is ten years older than the State median, it is critical that Council ensures toilet blocks are strategically placed and accommodate for all abilities.

This project will further support Council's Playspace Upgrade program, which includes the development of significant play spaces at each of the sites being Bangerang Park, Corowa, Purtle Park, Mulwala and Lowe Square in Howlong.

Council is thankful for this funding, and is confident that the delivery of these projects will only further support Council's goal of building strong and sustainable communities.
