Please fill in our Survey

The Community Hall, the Fitness Centre and the Club Rooms are for the community to use. We therefore invite the community to help us plan these facilities and their operation.

The information you provide will be used to:

- Estimate the scope of potential use (by who, how often and what they need);
- Shape the concept and design into one that is fit for purpose; and
- Provide evidence of community support for further funding proposals / grant applications.

Please let us know what you and/or your club/organisation think by completing the survey.

A Community Hall and Community Fitness Centre for Howlong!

The Howlong Football Club and Federation Council have been successful in gaining funds (\$1M from the NSW Government) towards the construction of a Community Hall and Community Fitness Centre as extensions to the Lowe Square Sports Pavilion building.

This project is the final task in the existing Master Plan for Lowe Square (2011) and includes upgrading the football/cricket change rooms and amenities to be unisex, modern and more comfortable. This project aims to enable Howlong to host more and bigger activities locally, be more self-sufficient and be more inclusive and connected.

This is a big project and a long-term investment into Howlong. It is estimated to cost approximately \$1.5M and will require ongoing management and maintenance. The project and ongoing operations would be managed by the Football Club with an aim to be self-sustaining for the betterment of the Howlong community.

For more information or to discuss the project please contact:
David Longley on 0439 033 085
