Report by Responsible Accounting Officer

The following statement is made in accordance with Clause 203(2) of the Local Government (General) Regulations 2021:

31 December 2022

It is my opinion that the Quarterly Budget Review Statement for Federation Council for the quarter ended 31/12/22 indicates that Council's projected financial position at 30/6/23 will be satisfactory at year end, having regard to the projected estimates of income and expenditure and the original budgeted income and expenditure.

However whilst expenditure is currently as expected, this is expected to change over the coming months as Council assesses the damage from the November flood event. The NSW Government declared the Federation Council a disaster area for the flood event from 14 September 2022 onwards (Australian Government reference number 1034). Some of this expenditure will be claimable under NSW Disaster Assistance Arrangements and Council's relevant insurance policies.

Signed:

date:

10/02/2022
