## 4. FLOOD EVENT

In preparing the 2022/23 Annual Budget, an amount of \$170,000 was budgeted as an operating expense to cover the property insurance deductible and the threshold for accessing essential asset disaster funding in the event of an emergency.

The NSW Government disaster-declared the Federation Council area for the flood event from 14 September 2022 onwards (Australian Government reference number 1034).

In December 2022, Council increased its Annual Budget by \$3.2M to accommodate the costs incurred by council that will be claimable under the insurance policy or recoverable through the NSW Disaster Assistance Arrangements. The damage assessment for roads has been submitted to Transport NSW by Council contractors Damage Control Project Management. Transport NSW are still assessing the claim and further detail will be provided to Council as it becomes available.

Costs incurred in protecting council assets from floods are not claimable under insurance and have been costed to the service area where the assets are managed. The cost of repairing flood damaged infrastructure that is not claimable under Council's insurance policy or NSW Disaster Assistance Arrangements is still being assessed.

A claim has been submitted to Transport for NSW for damage to roads and essential public infrastructure. Whilst initial feedback has been received, the value of the required works is still under assessment.
