ENGAGE WITH US THIS MAY: FUTURE FEDERATION 2024-2025

Federation Council is asking the community to help shape Future Federation 2024-2025 by providing further input into its combined Delivery Program and Operational Plan, and other supporting strategic documents. Council's combined Delivery Program and Operational Plan is an important document that sets out Council's action plan for achieving the community priorities outlined in the Community Strategic Plan (CSP).

It identifies the specific projects, programs and activities that Council will conduct to progress community priorities, as well as initiatives required to fulfil Council's legislative responsibilities. This is supported by the Annual Budget which outlines how Council will fund the delivery of services and projects to its community. It funds services like managing waste, maintaining infrastructure, community facilities and parks, operating libraries, events and services to people at all stages of life. This is 'Future Federation 2024-2025'.

Council will be presented with the draft Delivery Program, Operational Plan and Annual Budget, along with the updated Long Term Financial Plan, at its April meeting of Council.

These documents provide a guide to Council's operations and help the organisation meet community demands for services and infrastructure by maximising what it can achieve with its available resources, whilst planning for a sustainable future.

Council's key strategic documents will be on public exhibition from Wednesday, May 1 through to 5pm on Tuesday, May 28. During this time, we will be seeking further feedback from the community on these draft key strategic documents. This includes our:

- Draft Delivery Program and Operational Plan (including Annual Budget);
- Draft Fees and Charges 2024-2025; and
- 10 Year Long Term Financial Plan.
