## COUNCIL RECEIVES SPECIAL RATE VARIATION DETERMINATION

The Independent Pricing and Regulatory Tribunal (IPART) yesterday (14/06/23) announced determinations on the 17 Councils who had applied for rate variations (increases) above the ordinary allowable rate peg amounts to commence 1 July 2023. IPART has partially approved Federation Council's Special Rate Variation application to temporarily increase its general rate income above the rate peg for a two-year period and not the four-year as applied.

Council has been granted a two-year temporary rate increase of 19% in year one (2023/24) and 17% in year two (2024/25). Council had requested a general rate increase of 19% for 2023/24, with 17%, 14% and 10% for the following three years and for the increases to remain in the rate base, (not be temporary), and reverting to the ordinary rate peg for 2027/28 onwards.

IPART determined the application and only applied the two year temporary

increase due to it considering Council had shortcomings in the community awareness factor/criteria, including not communicating the cumulative increase of 74.59%, and only using each year's proposed % increase, and also they considered Councils financial documents did not including in the early engagement stages, the impacts of a baseline (non-SRV scenario). Council successfully met the other criteria including demonstrating the financial need, the increase being a reasonable impact on ratepayers, the quality of Councils Integrated Planning and Reporting documents, and the productivity improvements and cost containment strategies.

The partial approval means Council can increase its rates by 19% and 17% across 2023/24 and 2024/25 respectively should it choose to do so, inclusive of any allowable rate increase (for 23/24 for Federation Council it is 4.3%).

The 23/24 rate increase will be determined as per normal practice at the June 27 Council meeting. Council needs to re-apply if it wishes for the increases to remain in the rate base ongoing, and if the Council is seeking the further two years of 14% and 10%, or any different amount. Council will likely consider this in the coming months further analysis of the IPART determination and Councils longer-term financial position and further engagement with the community,

Federation Council Mayor Pat Bourke said this decision by IPART will allow Council to consider the reasons for the partial approval, and further analysis on the many submissions received by IPART from our community.

"If Council chooses to resubmit a further application, of course Council will undertake further work.

This will include additional engagement with our community, further work on efficiencies and productivity improvements including service reviews, and adjustments to the forward financial plans, to allow Council to continue to work on the significant infrastructure backlog across some of our key service areas such as roads,” he said. “For now, the 19% and 17% temporary increase across the next two years should Council apply it in full, and apply it to the projects as outlined in the draft plans, or as varied at the final meeting, will allow Council to deliver on additional commitments to our community that we would not have been able to do so without these funds.

The proposed works to be undertaken using the year one 2023/24 funds from the SRV are clearly outlined in Councils Delivery Program. Council will adopt a final version, when considering public submissions at the June 27 Council meeting.”

Mayor Bourke said whilst this might not be the overall outcome we were hoping to achieve, I believe it still is a positive one given the current economic conditions and the cost of living pressures on both Council and the community, and I thank the many people who have engaged with Council along the way and continue to do so, including the many who made submissions to IPART.

“I would like to take this opportunity to thank everyone involved in the application process,” he said.

“The many different elements of our application were driven with professionalism and with the best long-term outcome for our community at the forefront. Long-term decisions like these are never easy.”

Mayor Bourke also said Council would workshop the determination to discuss relevant steps in the lead up to its June Council meeting.

Your rates help Council maintain our beautiful region and provide income to run essential community services and infrastructure. They can be paid annually or quarterly.

You can estimate your rates using the below General Rates Estimator 2023/2024.

### Information you need

To calculate an estimate of your rates for the coming 2023/2024 rating year you will need:

2. Your new land value - this was mailed to you by the NSW Valuer General from March 2023.

Your rates notice will also show other charges, for example, your waste charges and sewer charges. These are additional charges on top of your rates estimator.

### Access your land value

You can access your land values online on the NSW Valuer General's website. [www.valuergeneral.nsw.gov.au](http://www.valuergeneral.nsw.gov.au)

### What is being calculated

## HISTORIC GRAND OPENINGS TO TAKE PLACE IN URANA

Urana will be bustling with historic celebrations as the Dexter Horizontal Windmill and Urana Courthouse Museum projects are set to have their Grand Openings this month. In a joint effort spanning two years, architect Ken Young, engineer Ron Young and windmill mechanic Tim Matt built an interpretive reconstruction of the 'Dexter' turbine windmill which was housed on the 'Coonong' property near Urana, New South Wales. The original windmill was erected in 1885 by Sir Samuel McCaughey and was the last remaining of only four examples in the Western World before burning down in a bush fire late last century.

The contemporary reconstruction contains parts from the original windmill which were gifted by the Holt Family of Coonong Station. Federation Council's Dexter Windmill project was made possible through funding from the NSW Government's Regional Cultural Fund. The community have been invited to the opening ceremony of this amazing restoration project, held opposite the Urana Aquatic Centre, on Federation Way.

The day is set to conclude with the Grand

Opening of several exciting Urana Progress Association projects some of which feature Frederick Fox LVO, milliner to the Royal Family and several Hollywood films.

A Freddie Fox video and a new book showcasing his hats as well as the General Store and McCaughey Memorial Hospital Displays will be launched at the Urana Courthouse Museum from 1.15pm. Federation Council Mayor, Cr Pat Bourke said that it will be a significant day of celebrating local history.

"The Grand Openings will showcase that Urana has a rich history of agricultural ingenuity and creative excellence," he said. "This will be a day our whole community can get behind and further learn about local trailblazers of the past." Coverage of these events will be included in the July 2023 newsletter.

Please see Council's website for further information.

## COUNCIL'S SEEKING ARTIST FOR RAP ARTWORK

Federation Council encompasses Bangerang and Wiradjuri Country and recognises that Aboriginal people from many different mobs are connected to the Federation Council area.

We are calling for submissions from Aboriginal Artists who live, work and connect with the Federation Council area who are interested in creating an original artwork to be accessioned to the Federation Council's art collection, as well as used for branding resources related to Federation Council's Innovate RAP (currently under development).

The Federation RAP Working Group are seeking an artwork that explores the narrative of local connections to land, waters and/ or community.

The design will show visual representation of land footprint in the Federation Council area - North to Urana, South to Corowa, East to Howlong and West to Mulwala.

Individual and collaborative works are accepted, as are contemporary and/or traditional art forms.

- The original art work will be hung in the Federation Council office at the Corowa Civic Centre as a symbol of the Council's commitment towards reconciliation.
- The digital copy will be used on the cover of the Federation Council Reconciliation Action Plan (aiming to cover the years 2024-2026), and throughout the document.
- Aspects of the artwork may be used to market projects delivered as part of the RAP, including in print and digital formats and on the council's social media channels and corporate website.

The artist's work will be recognised in our Reflect RAP in a section about the artist and the artwork. This will provide the artist an opportunity to express their art and story through words.

The RAP will be published on the Reconciliation Australia website, visible for the public to view.

The successful artist will be eligible to receive a project fee of \$5,000. Expressions of interest are due by 5pm by July 9th 2023.

Find out further information and about the submission details on Council's website.

## MIKI CITY EXCHANGE SET TO RETURN

Federation Council is excited to announce that students from Miki City, Japan, will be visiting the Federation Council as part of the Sister City Cultural Exchange Program.

The Miki City Federation Council Sister City cultural exchange program is in its 26th year. The program involves students visiting Japan every second year and Japanese students coming to Federation Council on the alternate year.

With the impacts of Covid-19, this year will be the first travel exchange to take place since 2019, with the Federation Council hosting visitors from Miki City during late August 2023. Students and chaperones, as well as dignitaries from Miki City Council will likely attend.

Guests will stay with local host families, to enable them to experience everyday life in an Australian household for up to a week. Federation Council Mayor Cr Patrick Bourke said, it is a great opportunity for the Federation community to get involved in the sister program by hosting students, chaperones and dignitaries.

“Many special lifelong friendships have developed between our cities and communities as a result of becoming

involved in hosting.”

Other benefits of being a host to chaperones, students and dignitaries can include:

- Participate in a rewarding and life changing experience.
- Develop an understanding and appreciation of other cultures.
- Establish connections and broaden horizons in your home and within the local community.
- Support a program that continues to provide young people with opportunities to see and experience the world and grow.
- Participate in a good deed, for your family, the local community, and also the broader world.

The last visit to Federation was in 2018 where 14 families, five local businesses and two schools were directly involved in the program, including hosting. In total around sixty local people contributed to the success of the exchange.

For any community members and families interested in hosting students, chaperones or dignitaries during the August 2023 exchange program, please complete the Expression of Interest form available from Council's website.

## SEAT BELTS - A PROVEN LIFE SAVER

**SEATBELTS  
SAVE LIVES.**

**CLIP EVERY TRIP.**

Seat belt compliance has been a road safety focus for Federation Council over the last few years. In 2021-22 we conducted three Child Restraint Fitting days covering the towns of Corowa, Howlong, Mulwala, Rand and Urana.

These days have targeted parents of young children as well as our Mobile Pre-School service and vehicles. Forty-four vehicles were checked at these sessions, where our child restraint checking specialist was able to educate many parents. What he reported was that the majority of child restraints had been fitted incorrectly. With the rise in online purchasing in recent years including child car seats, rather than through a bricks and mortar store, where a strong level of sales support and advice can be provided to ensure the seat is fitted correctly.

Federation Council Mayor, Cr Patrick Bourke said, "Whilst we are pleased with the outcomes of these sessions, our crash statistics provide a very different demographic to target."

## FREE FAMILY FRIENDLY NAIDOC WEEK ACTIVITIES

The exhibition showcases Contemporary Aboriginal artworks from Owen Lyons, Elijah Ingram and Sonia Undy. Their vibrant and expressive works combine a variety of Traditional and modern techniques spanning across weaving, dot painting and abstractionism.

Federation Council Mayor, Cr Pat Bourke said this is a great opportunity for all members of the community to experience cultural exchange through free family friendly events.

"The sharing of knowledge and skills is invaluable in understanding and acknowledging the Bangerang and Wiradjuri people's connection to the land, waters, and community in which we live," he said.

## AGEING WELL STRATEGY CONSULTATION NOW OPEN

The Ageing Well Advisory Committee and the Federation Council is seeking feedback from older residents to get a better understanding what ageing in the Federation Council looks like in 2023. It has been four years since the Council adopted the Federation Council's current Ageing Well Strategy and a lot has happened in that time.

The Committee and Council would like to hear your thoughts and ideas on what steps they can take to address the needs, priorities, and challenges of getting older and living in the Federation Council area. Your feedback will assist to develop the Federation Ageing Well Strategy 2024-2028 and subsequent four-year action plan.

They would like to know how you can:

- Be more connected and active;
- Feel safe and secure;
- Access and use public spaces & buildings;
- Confidently get to where you need to go;
- Access and receive the support and services you need;
- Feel valued, informed & part of your community; and

- Be supported to age well and participate fully in community life.

The Federation Ageing Well Committee will be conducting community focus groups over the coming months across the Council area where residents can come along to a two-hour semi-structured interview process where people will have the opportunity to tell their own stories.

Feedback can be provided via an online survey on the council website, or a hard copy can be picked up from any Council office. Short on time, but still want to have your say? Please fill out an Ageing Well post card at any council office or library.

You can also contact Amber, Community Development Team Leader from the Federation Council. You can call her on 02 6033 8974. Amber is more than happy to set up a meeting time to chat face-to-face or over the phone if you let her know.

### Biggest Morning Tea

What a great morning!! People came from miles around to support a fun morning raising money for a very worthwhile cause – Cancer Council (approximately \$1700).

We all know a little more about David Fahey and have a fresh appreciation of his can-do community spirit and positivity. We wish him the best in the next phase of his life and career.

Barry is very grateful to Joan for knitting him a beanie – having his head shaved (and Rae not having her head shaved) raised about \$520.

Thank you to everyone who donated progressive raffle prizes, brought along food, purchased raffle tickets or just came along to enjoy the morning.

### Grand Opening

Community members are encouraged to attend proceedings on 21st June. At 12.15 pm Federation Council will Open the Dexter Horizontal Windmill on site. This windmill has become a great addition to the town as many people stop to learn about it.

At 12.45 pm everyone will move to the Courthouse Museum for a light lunch followed by the Opening of our Frederick Fox LVO film and Book of Hats thanks to a Tim Fischer AC bequest. We will then move outside (yes, the weather is going to be fine and sunny!) to Open our new General Store and McCaughey Memorial Hospital displays thanks to Riverina Water funding.

We look forward to your attendance on the day – registration to attend to assist with catering can be sent through Federation Council website (search Dexter Windmill Opening) or just come along on the day.

# WASTE FACILITIES & CHARGES

Household waste accepted only (not commercial origin), not accepted at Mulwala Transfer Station, Putrescible waste (food scraps) not accepted at Corowa Waste Facility.

Skip bins available 24 hours at the Urana, Victoria Park Recreation Ground.

## URANA COMMUNITY RECYCLING CENTRE

Federation Council and the NSW EPA have recently opened two Community Recycling Centres (CRC's) in Corowa and Urana.

Many familiar products you use in your home, car, garage and shed can be hazardous to other people and the environment. Because of this, they cannot be disposed of in your red, yellow or green lidded bins.

These include:

- batteries (household only).
- motor & other oils (5-20 ltrs motor oils and other oils).
- paint.
- smoke detectors.
- fire extinguishers.
- gas bottles.
- fluro lights.

Once you no longer have a use for these products, they become household problem waste. If disposed of incorrectly, or released into the environment, these products can pollute our soil, contaminate our water and even cause physical harm to people and animals.

The good news is you can dispose of them for FREE at the following CRC's. The products are then processed and the reclaimed materials used to make other products.

The Urana CRC is located at the Urana Waste Disposal Centre, Boree Creek Road, Urana.

Operating Hours:

Sunday 11:00am – 4:00pm

The facility is closed Christmas Day, Boxing Day, New Years Day, Good Friday and Easter Sunday.
