## MAYORS MESSAGE

Dear Readers,

Welcome to the March edition of the Urana District Newsletter for 2023.

In this edition, we are pleased to invite you to have your say about 'Future Federation' and the draft 2023-2024 budget.

Similar to any household budget, there are essentials and there are constraints. Unfortunately, we can't buy everything we want but community feedback is valuable in creating change and to help shape Future Federation 2023-2024.

Much of our upcoming budget is committed to funding services, programs and infrastructure projects that were identified through the development of the Community Strategic Plan, and Council's Long Term Financial Plan with you, our community. Through the engagement that informed the development of these plans, you told us what's important to you. Now we want to know how you think we should prioritise our actions and associated budget over the coming year as we continue to deliver on those plans.

Working with you to identify priorities will allow the Council to make important financial decisions, balance current and future needs, and ensure we are financially sustainable well into the future. This is our future, and we want to plan it with you – have your say today on Future Federation. I am encouraging everyone who lives, works, studies or visits the Federation Council region to be a part of this engagement opportunity and have your say.

We also introduce and welcome our new Director of Engineering Theo Panagopoulos, please see page 11.

Until next time, be kind to yourselves and one another.  
Federation Council Mayor – Cr Pat Bourke.

## ENGAGE WITH US ON – FUTURE FEDERATION 2023- 2024

In line with our Community Engagement Strategy and the Local Government Act 1993, we are engaging with our community to seek feedback to inform the development of our Draft Delivery Program / Operational Plan and Budget 2023-2024.

Our combined Delivery Program and Annual Operational Plan is an important document that sets out Council's action plan for achieving the community priorities outlined in the Community Strategic Plan (CSP). It identifies the projects, programs and activities that council will conduct to achieve the commitments of the Delivery Program.

This is supported by the Annual Budget which outlines how we will fund the delivery of services and projects to our community. It funds services like managing waste, maintaining our infrastructure, community facilities and parks, operating our libraries, events and services to people at all stages of life. This is 'Future Federation 2023-2024'.

### What we hope to achieve

Feedback collected during this period will shape the development of the actions and initiatives contained in next year's plan and annual budget. We hope to deliver a plan within our financial capability that not only meets the needs of our community, but strengthens it. Once developed, the draft plans will be presented to the community for further feedback in May 2023. These are our plans, to support Future Federation 2023-2024.

### Ways to have your say

This engagement opportunity is open from Friday, March 4 to Friday, April 1.

Anyone who lives, works, studies or invests in Federation Council or visits our region and uses Council facilities or accesses our services, is invited to review the information provided, ask questions and provide feedback during this time.

### **CAPITAL WORKS PROGRAM UPDATE - DECEMBER 2022 - JANUARY 2023**

Council has an ongoing program of capital works and upgrades to buildings, parks, playgrounds, and roads across the Federation Council Region.

A new overland drain was dug in mid-December from the Santos Road stormwater detention basin through the easement to the Redlands Road table drain. This did improve drainage through the industrial area, however storm water held in the table drains due to the Redlands Road table drains being at capacity.

Ongoing wet weather throughout this period has restricted Council's best efforts to undertake road repairs across the entire road network. Council is prioritising roads based on use and traffic volumes. Prolonged periods of water sitting over roads has had a devastating effect causing significant washouts and deep potholing in many areas. Staff have begun to undertake heavy patching repairs throughout the network, as ground conditions allow.

This situation is being closely monitored and as conditions improve, further remediation works can be prioritised.

The following activities were also undertaken in December 2022 and January 2023 by Federation Council's Works teams:

- **John - Street Drainage:** The next stage of the project is the street reconstruction, which will be undertaken in early February, consisting of further subgrade and pavement works. The final stage of the project is bitumen sealing which is scheduled to occur shortly after completion of the street reconstruction works.
- **Corowa – Mulwala Cycleway :** Drainage works and gravel pavement completed at Mulwala end of boardwalk at Drain Lane. Seal booked for remaining unsealed sections early March, weather permitting.
- **Federation Way:** Upgrade Works have commenced on Federation Way south of Daysdale township. Works include – earthworks, formation, batters, gravel pavement.
- **Maintenance Grading:** Mygunyah Lane, Tom Roberts Road, Jamiesons Road.
- **Gravel Re-sheeting Program:** On hold will resume when crews are available after emergency flood repairs in February.
- **Road Side Rural Slashing:** Buraja Road, Redlands Road, Savernake Road, Sloane Siding Road, Boat Rock Road, Bull Plain Road, Rennie Road, McCurdies Road.

# FEDERATION COUNCIL NEWS

### WHITEHEAD STREET, COROWA RECEIVES \$2.7 MILLION IN ROAD FUNDING

Whitehead Street in Corowa, has today received \$2,730,000 in funding through the NSW Government's \$500 million Fixing Local Roads (FLR) program.

Member for Albury Justin Clancy MP said this funding will enable Federation and other councils awarded funding under this program to accelerate repairs and maintenance work to bring local roads up to scratch.

"The NSW Government is committed to fixing the roads you use every day through its \$1.8 billion investment into local roads," Mr Clancy said.

"Work funded will include sealing, resurfacing, road maintenance, drainage improvement and patching of local roads. Today's announcement builds on the \$330 million being provided to regional councils to fix potholes and the more than \$500 million being invested into our Fixing Country Roads program."

Federation Council Mayor, Cr Pat Bourke said it was great to see Whitehead Street, Corowa receive funding under the Fixing Local Roads program.

"This is a great program by the NSW Government," Mayor Bourke said.

"Whitehead Street in this particular section to be renewed and upgraded, has been a neglected road for many years and Council identified the need to improve it for better access for all users, with the nearby Corowa Industrial Estate, as well as better access into key routes like Redlands Road, Corowa from the north including Federation Way and the

Riverina Highway, for locals and travellers.”

Mayor Bourke said subject to further consultation and funding, this road could very much be a future alternative route to Corowa as flagged many years ago by then Corowa Shire.

“I look forward to seeing work commence on this project,” he said.

“Council from earlier successful work in applications has received funding for other roads under this program including Balldale Road Round 3, (underway), Cullivel Road Round 2, (nearing completion) and a general allocation in Round 1 that saw signage, vegetation, drainage and other works across many roads.”

This funding will go towards the rehabilitation of a 4.34km section of pavement, including widening where required and application of a new 7 metre wide bitumen seal. Council has also committed \$682,500 as a contribution towards this priority project. As the project moves forward further information and project updates will be provided for local residents and wider stakeholders.

## LAND VALUATION NOTICES

The NSW Valuer General has recently issued Land Valuation Notices.

If you own property in the Federation Council local government area, you will have received a notice from the NSW Valuer General recently updating your land value.

While council is not involved in the valuation process, we do use new valuations for rating purposes, with effect July 1 2023.

It's important to understand that the % increase or decrease in your land value does not automatically translate into an equivalent increase or decrease in your rates.

Changes to land valuations will result in a redistribution of the rates levied across categorised properties. Individual rates will change based on the change in your property's land value compared to the overall change in land values within the Council area to comply with the approved overall rate peg increase.

For more information on the impact on your rates notice visit Council's website.

To learn more about property valuation please download the Frequently Asked Questions information below or to discuss your notice, please contact NSW Valuer General.

## RESPONSIBILITIES OF PET OWNERSHIP

Council has recently reviewed the NSW Companion Animals Register which includes the details of micro chipped cats and dogs residing in the Federation Council area.

This review has found there are companion animals that are yet to be registered with Council as legally required.

As part of Council's Companion Animals Compliance Program, reminder letters are currently being issued to residents where this applies.

Our furry friends are so important in our lives and at Council, there is no better joy for our rangers to be able to return your pet home safely, however, if your pet is not registered they may not know where to return them to.

Registration can be completed at any Council office during business hours and further information is available from Council's website.

# WASTE FACILITIES & CHARGES

Household waste accepted only (not commercial origin), not accepted at Mulwala Transfer Station, Putrescible waste (food scraps) not accepted at Corowa Waste Facility.

Skip bins available 24 hours at the Urana, Victoria Park Recreation Ground.

## URANA COMMUNITY RECYCLING CENTRE

Federation Council and the NSW EPA have recently opened two Community Recycling Centres (CRC's) in Corowa and Urana.

Many familiar products you use in your home, car, garage and shed can be hazardous to other people and the environment. Because of this, they cannot be disposed of in your red, yellow or green lidded bins.

These include:

- batteries (household only).
- motor & other oils (5-20 ltrs motor oils and other oils).
- paint.
- smoke detectors.
- fire extinguishers.
- gas bottles.
- fluro lights.

Once you no longer have a use for these products, they become household problem waste. If disposed of incorrectly, or released into the environment, these products can pollute our soil, contaminate our water and even cause physical harm to people and animals.

The good news is you can dispose of them for FREE at the following CRC's. The products are then processed and the reclaimed materials used to make other products.

The Urana CRC is located at the Urana Waste Disposal Centre, Boree Creek Road, Urana.

Operating Hours:

Sunday 11:00am – 4:00pm

The facility is closed Christmas Day, Boxing Day, New Years Day, Good Friday and Easter Sunday.
