FEDERATION COUNCIL NEWS

ENGAGE WITH US THIS MAY ON FUTURE FEDERATION 2023-2024

Federation Council is asking the community to help shape Future Federation 2023-2024 by providing further input into its combined Delivery Program and Operational Plan, and other supporting strategic documents.

Council's combined Delivery Program and Operational Plan is an important document that sets out Council's action plan for achieving the community priorities outlined in the Community Strategic Plan (CSP). It identifies the specific projects, programs and activities that Council will conduct to progress community priorities, as well as initiatives required to fulfil Council's legislative responsibilities.

This is supported by the Annual Budget which outlines how Council will fund the delivery of services and projects to its community. It funds services like managing waste, maintaining infrastructure, community facilities and parks, operating libraries, events and services to people at all stages of life. This is 'Future Federation 2023-2024'.

Council will be presented with the draft Delivery Program, Operational Plan and

Annual Budget, along with the updated Long Term Financial Plan, at its April meeting of Council. These documents provide a guide to Council's operations and help the organisation meet community demands for services and infrastructure by maximising what it can achieve with its available resources, whilst planning for a sustainable future.

Council's key strategic documents will be on public exhibition until 5pm on Wednesday, May 31. During this time, we will be seeking further feedback from the community on these draft key strategic documents. This includes our:

- Draft Delivery Program and Operational Plan (including Annual Budget);
- Draft Fees and Charges 2023-2024; and
- 10 Year Long Term Financial Plan.

Council is committed to engaging with the community on the draft suite of documents, and will be hosting a number of engagement opportunities during May. Refer to the inside back page for further details.

Council will also be hosting a series of round table stakeholder meetings with community groups during the month of May to capture further feedback.

GENERAL RATES ESTIMATOR 2023/2024

Your rates help Council maintain our beautiful region and provide income to run essential community services and infrastructure. They can be paid annually or quarterly.

You can estimate your rates using the below General Rates Estimator 2023/2024.

Information you need

To calculate an estimate of your rates for the coming 2023/2024 rating year you will need:

1. Your land category - residential, business or farmland.
2. Your new land value - this was mailed to you by the NSW Valuer General from March 2023.

Your rates notice will also show other charges, for example, your waste charges and sewer charges. These are additional charges on top of your rates estimator.

Access your land value

You can access your land values online on the NSW Valuer General's website. www.valuergeneral.nsw.gov.au

What is being calculated

There are two amounts calculated:

- The first amount is your General Rates Estimate with the proposed rate peg increase of 4.3%.
- The second calculation is your General Rates Estimate with the proposed Special Rate Variation increase of 19%.

How to use the calculator

To use the Calculator:

1. Select your land category - residential, business or farmland.
2. Insert the new land value from the Valuer General Notice of Valuation (2023/2024).

COUNCIL AWARDS COMMUNITY GRANTS

Council awarded \$30,000 to local community organisations via its Community Grants Program at its April meeting of Council.

The Community Grants Program supports initiatives that deliver a range of social and economic benefits to communities across the Federation Council area. The program provides a more streamlined approach to supporting local community groups, organisations and clubs with delivering community projects and events.

Federation Council Mayor, Cr Pat Bourke congratulated grant recipients.

"I would like to take this opportunity to formally thank all community organisations that submitted an application, and congratulate those who were successful," he said.

"The Community Grants Program is an initiative aiming to empower groups to develop ideas, projects and events that can contribute to the vibrancy and connected community of Federation Council. We see this program as a way to bring forward new ideas and help to develop existing projects to a new height."

Mayor Bourke said the grants program is a community focused initiative that gives Federation organisations a way of involving the wider community, their participation in local activities and championing projects that have a strong economic and social impact. "I look forward to seeing projects developed by the community, for the community delivered in the near future," he said.

Community Grant Funding was awarded to the following community organisations for the purposes outlined:

MIKI CITY EXCHANGE SET TO RETURN

Federation Council is excited to announce that students from Miki City, Japan, will be visiting the Federation Council as part of the Sister City Cultural Exchange Program.

The Miki City Federation Council Sister City cultural exchange program is in its 26th year. The program involves students visiting Japan every second year and Japanese students coming to Federation Council on the alternate year.

With the impacts of Covid-19, this year will be the first travel exchange to take place since 2019, with the Federation Council hosting visitors from Miki City during late August 2023. Students and chaperones, as well as dignitaries from Miki City Council will likely attend.

Guests will stay with local host families, to enable them to experience everyday life in an Australian household for up to a week. Federation Council Mayor Cr Patrick Bourke said, it is a great opportunity for the Federation community to get involved in the sister program by hosting students, chaperones and dignitaries.

“Many special lifelong friendships have developed between our cities and communities as a result of becoming

involved in hosting.”

Other benefits of being a host to chaperones, students and dignitaries can include:

- Participate in a rewarding and life changing experience.
- Develop an understanding and appreciation of other cultures.
- Establish connections and broaden horizons in your home and within the local community.
- Support a program that continues to provide young people with opportunities to see and experience the world and grow.
- Participate in a good deed, for your family, the local community, and also the broader world.

The last visit to Federation was in 2018 where 14 families, five local businesses and two schools were directly involved in the program, including hosting. In total around sixty local people contributed to the success of the exchange.

For any community members and families interested in hosting students, chaperones or dignitaries during the August 2023 exchange program, please complete the Expression of Interest form available from Council's website.

RESPONSIBILITIES OF PET OWNERSHIP

Council has recently reviewed the NSW Companion Animals Register which includes the details of micro chipped cats and dogs residing in the Federation Council area.

This review has found there are companion animals that are yet to be registered with Council as legally required.

As part of Council's Companion Animals Compliance Program, reminder letters are currently being issued to residents where this applies.

Our furry friends are so important in our lives and at Council, there is no better joy for our rangers to be able to return your pet home safely, however, if your pet is not registered they may not know where to return them to.

Registration can be completed at any Council office during business hours and further information is available from Council's website.

WASTE FACILITIES & CHARGES

Household waste accepted only (not commercial origin), not accepted at Mulwala Transfer Station, Putrescible waste (food scraps) not accepted at Corowa Waste Facility.

Skip bins available 24 hours at the Urana, Victoria Park Recreation Ground.

URANA COMMUNITY RECYCLING CENTRE

Federation Council and the NSW EPA have recently opened two Community Recycling Centres (CRC's) in Corowa and Urana.

Many familiar products you use in your home, car, garage and shed can be hazardous to other people and the environment. Because of this, they cannot be disposed of in your red, yellow or green lidded bins.

These include:

- batteries (household only).
- motor & other oils (5-20 ltrs motor oils and other oils).
- paint.
- smoke detectors.
- fire extinguishers.
- gas bottles.
- fluro lights.

Once you no longer have a use for these products, they become household problem waste. If disposed of incorrectly, or released into the environment, these products can pollute our soil, contaminate our water and even cause physical harm to people and animals.

The good news is you can dispose of them for FREE at the following CRC's. The products are then processed and the reclaimed materials used to make other products.

The Urana CRC is located at the Urana Waste Disposal Centre, Boree Creek Road, Urana.

Operating Hours:

Sunday 11:00am – 4:00pm

The facility is closed Christmas Day, Boxing Day, New Years Day, Good Friday and Easter Sunday.
