Federation Council Urana District Newsletter

Message from the Administrator

It has been a thriving month for Federation Council and our communities.

Great progress has been made across a number of Council projects that all attribute to ensure we continue to build strong and sustainable communities.

Works to upgrade sections of Federation Way are now fully complete, ahead of time and on budget, providing opportunity for more high-productivity vehicles to use this important freight route.

The completion of this project is a credit to the wonderful work delivered daily by our staff who are well advanced with preparation for the 2017/18 Capital Works Program.

An unprecedented level of funding is being directed towards addressing what have been important community priorities for many years.

Local families and visitors are also set to benefit from a number of initiatives across the Council area that are designed to improve access to recreational facilities and create inclusive and welcoming community spaces.

Council this month launched the 'Play Space Upgrade Program', which includes nine projects across the council area.

You can read more about Federation Way works and the nine Play Space Upgrade Program projects, as well as Library Information Week celebrations and the Tourism trail returns in this month's newsletter, and on our website.

The NSW Local Council Elections will be held on Saturday, 9 September 2017 and I am encouraging community minded people, who are future focused and ready to lead to nominate to become a councillor.

A greater representation of candidates from all walks of life would not only strengthen Federation Council, but also ensure it has a greater voice for all ratepayers.

Kind Regards,
Mike Eden—Administrator

Completed upgrade on Federation Way gives the community a boost

Works to upgrade sections of Federation Way are fully complete, ahead of time and on budget, providing opportunity for more high-productivity vehicles to use this important freight route.

The \$1.65 million road upgrade involved the reconstruction, realignment and widening of 4.5 kilometres of Federation Way between Urana and Morundah and reconstruction of culverts to bring the section of road up to the same standard as adjoining sections.

Removing tight corners, increased signage, line marking centre and edge lines (to be completed soon) and reducing dust all contribute towards road safety, particularly for heavy vehicles.

Federation Council Administrator Mike Eden congratulated Council staff on completing the project over 12 months in advance of scheduled time.

"The completion of this project is a credit to the wonderful work delivered daily by our staff who are

well advanced with preparation for the 2017/18 Capital Works Program," Mr Eden said.

"At Federation Council we understand through community consultation, the overwhelming community view is that maintenance of sealed and unsealed roads should be a top priority for Council.

"The Draft Delivery Program and Operation Plan currently on public exhibition, proposes to invest unprecedented funding towards Council roads.

"More than 70% of Council's total capital works budget for 2017/18 will be spent on roads and this will exceed \$10M of investment, with a further \$3.8M of Stronger Communities Grant funding allocated to roads over the next two financial years."

Member for Albury Greg Aplin said that he was proud the NSW Government contributed \$800,000 to the important Federation Way project through the Restart NSW Fixing Country Roads program and the Federation Council's work saw this project completed over 12 months in advance of the scheduled timeframe.

"The Fixing Country Roads program provides targeted funding to local councils for road projects that will eliminate connectivity constraints on local roads in NSW and reduce the cost to market for local businesses," Mr Aplin said.

"Projects such as the Federation Way upgrade create economic benefits for industry, by removing pinch points and reducing constraints on the transport of goods across NSW and interstate."

Mr Aplin said that the work on Federation Way will provide improved access for grain freight to the GrainCorp Primary Export Site at Oaklands and for livestock to the Urana and Corowa saleyards.

"This project provides benefits for local industry and for the broader community," Mr Aplin said.

"A more viable freight link will cut extra costs for producers while a safer, smoother road for cars and buses benefits residents.

"I applaud Federation Council for delivering this important community project in an effective and efficient manner."

The Federation Way upgrade also received \$800,000 in funding from the Australian Government's Heavy Vehicle Safety and Productivity program and \$50,000 from Federation Council.

Council launches Play Space Upgrade Program

Federation Council is placing a strong focus on improving the liveability of the area, as it works to meet the needs of residents, support youth and attract young families.

An unprecedented level of funding is being directed towards addressing what have been important community priorities for many years.

Local families and visitors will benefit from a number of initiatives across the council area that are designed to improve access to recreational facilities and create inclusive and welcoming community spaces.

Council this month launched the 'Play Space Upgrade Program', which includes nine projects across the council area.

The projects include:

- Corowa Skate Park Redevelopment
- Howlong Skate Park

- Urana Scooter Park
- Bangerang Park Redevelopment
- RSL Park Playground Upgrade
- Mulwala All Abilities Adventure Playground
- Rand Community Playground
- Memorial Park, Howlong Playground
- Lowe Square Playground, Howlong

Federation Council Administrator Mike Eden said the Play Space Upgrade Program is a key priority for council, with a number of projects expected to be completed by the end of the year.

"This is a really exciting time for our communities," Mr Eden said.

"These are projects that residents have been asking for or working towards themselves for a long time.

"The Stronger Communities Funding has provided a once off opportunity for an injection of funds into community infrastructure, but many of the projects are also being made possible thanks to community fundraising, business support and long term savings from council."

Mr Eden said the partnerships between council and the community, which are driving many of these projects, is what he finds most pleasing because it demonstrates what can be achieved when we work together.

The Play Space Upgrade Program now has its own logo which will be used to create a strong awareness of the various projects.

Residents will be kept up to date as progress is made, with regular updates available from council's website.

"We are encouraging people to follow and really celebrate these projects, because there is a significant benefit to the wider community from what is being achieved here," Mr Eden said.

"In addition to providing activities for local families and young people to enjoy, the new and redeveloped play spaces are expected to drive visitation and promote the area as a family friendly destination.

“We are continually building on what the region has to offer and hope to see this reflected in the long term growth and sustainability of the Federation Council area.”

The playground at RSL Park in Corowa will be one of the first projects completed, along with a new playground at Memorial Park in Howlong.

Design of the Corowa Skatepark redevelopment has been finalised and consultation will soon commence with young people in Howlong about the concept plans for the street terrain style skate park to be constructed at Lowe Square.

Visit federationcouncil.nsw.gov.au and click on the Play Space Upgrade Program banner for further information about each of these exciting projects.

Gasps and giggles order of the day

Gasps and giggles were the order of the day when students from across the Federation Council area enjoyed the Ghost Jam performance from the fast paced and wickedly funny - Sean Murphy Comedy.

Federation Council Libraries invited schools across the Council area to celebrate Library and Information Week and what better way to celebrate LIW than with Ghost Jam.

Library week aims to raise the profile of libraries and information service professionals in Australia and

gives libraries and information services the opportunity to showcase their resources, facilities, events, contacts and services through different programs and events to the community.

Federation Council Library Team Leader Louise Parr said Library Information Week provided school communities across the Council area with the opportunity to find out about the wide range of services Federation Council’s libraries offer.

“Our library centres play a vital role in research and education and it was great to have so many students from across our Council area embrace the opportunity to visit our centres and experience this first hand,” she said.

“Our library centres were bursting with excitement as school students from Urana, Oaklands, Mulwala, Corowa and Howlong actively participated in the Ghost Jam performance.

“Gasps and giggles were definitely the order of the day, with the Ghost Jam performance being labelled a hit by students.”

Ghost Jam – a new comedy by Sydney-siders Sean Murphy and Sophie Unsen is a hilarious re-imagining of classic Japanese ghost stories set to a booming live soundtrack.

It’s an interactive and unpredictable experience that brings the audience face-to-face with silly spectres unlike any they’ve seen before.

The show is a hilarious re-imagining of Kwaidan, a trailblazing English-language anthology of Japanese ghost stories. Featuring a soundtrack by multi-instrumentalist Sophie Unsen, Ghost Jam enthralls adults and children alike with its pairing of booming music and silly, spooky storytelling.

Beginning in 2015 with development support from the Japan Foundation, Ghost Jam packs in education with entertainment, serving as a thrilling introduction to music and storytelling traditions.

Responsibilities of Pet Owners

The exceptions to this are; dogs exhibited at a show or engaging in obedience or agility trials or a dog secured in a cage or vehicle or in an approved off leash area.
- If your dog is being exercised in an approved off-leash area it must always be under effective control of a competent person.
- You are not permitted to walk more than four dogs at any one time in an on-leash or off-leash area.
- Greyhounds must be muzzled at all times when in a public place.
- If your dog defecates in a public place it is an offence not to remove the faeces.
- Dogs are prohibited in children's play areas, food preparation/consumption areas, reception areas, public bathing areas, school grounds, childcare centres, shopping areas and wildlife protection areas.

Microchipping and Registration

Microchipping and registration is a two-part process that requires dog and cat owners to:

- Have their dog or cat implanted with a microchip from the time they are 12 weeks of age, at point of sale or change of ownership (whichever occurs first).

Stand for Your Community – Call for Council Election Nominations

Federation Council Administrator Mike Eden is encouraging more people - including women, young people and people from culturally and linguistically diverse backgrounds - to stand for their community at this year's September Local Government elections.

Mr Eden believes a greater representation of candidates from all walks of life would not only strengthen Federation Council, but also ensure it has a greater voice for all ratepayers.

"Councillors have an important role to play in making decisions that respond to the changing needs of the community," Mr Eden said.

"Serving the local community as an elected councillor is a challenging but rewarding role.

"It doesn't matter if you don't think you have the experience in local government – if you are passionate about your local community and want to make a real difference then I encourage you to consider this opportunity and stand for your community."

Federation Council has a population of over 12,000, of which over 70% of these are eligible voters. Anyone who is eligible to vote at Council elections in NSW is also eligible to stand for election as a councillor.

Prospective nominees should firstly check to ensure they are on the electoral roll for Federation Council by contacting the NSW Electoral Commission.

"Our council should be a reflection of the people and communities they serve," Mr Eden said.

"Bringing diverse views and experiences to decision making will ensure our local communities get the best solutions and outcomes."

The Office of Local Government has prepared a range of materials to assist prospective candidates in making an informed decision about standing for local government elections.

These resources can be found by visiting www.olg.nsw.gov.au

Nominations to become a councillor open on Monday, 31 July 2017 and close at noon on Wednesday, 9 August 2017.

Nomination forms will be available on the NSW Electoral Commission website www.votensw.info/

ST FRANCIS XAVIER'S SCHOOL URANA

Think, Speak and act like Christ

Greetings!

Congratulations to Ashleigh Ferguson, Jack Butler and Josie Gooden on receiving the Sacrament of Eucharist for the first time at Mass on June 18. I would like to congratulate them on their preparations and thank their parents, friends and parish community for the part they have played, and will continue to play, in their spiritual growth and development as the years pass by.

Thank you to everyone who attended the Mass and joined us for morning tea afterwards to make it extra special for our candidates. We also took the opportunity to farewell and thank Fr. Tony Schipp for his hard work and dedication to the parish during his time with us. We wish him good health and all the best as he moves into the next phase of his life.

Athletics training has been in full swing this term and I wish all the students well during our upcoming carnivals at Finley and Savernake. Thank you to Dot Dore and Urana Public School for allowing us to use their high jump facilities during our preparations.

Healthy Harold made his annual visit to our school last month. It is a visit the students are always excited about, as you can see from their happiness in the photos below.

Two weeks ago we said goodbye to one of our students, Sarvajna Yaramati. Sarvajna is continuing her learning journey in India and we all wish her the very best for the future!

SAVE THE DATE: The annual Paddy's Markets will be held on Sunday July 30. Look out for more information on following pages of this newsletter.

God bless,
Mitch Bailey
Principal

This is an ongoing project to be conducted by the Oaklands Lions Club Inc
Please call John Danaher 0427 354 134 to arrange pickup dates and times.

Our current project, to be supervised and undertaken by the Oaklands Community, is the removal of the Ruston Twin Cylinder Engine (which was used to supply power to the Department of Supply (formerly DAS) at Oaklands) to the Oaklands Lions Club Museum at the back of the Memorial Hall. This Ruston Engine will enhance the Museum and will create a spectacular Tourist Attraction for Oaklands.

Your support of batteries will help with the removal and replacement of this Engine.

The Lions Club would like to personally thank all of those families who have donated batteries to us. All funds are used to support the community. We appreciate your support.

Importantly, Hume PIR will identify where there are systems issues and barriers and lead in the development of systems change.
